# SafeSend Returns® for Business and Trust Clients

File your business returns faster, easier, and safer!

We are proud to offer our clients a hassle-free way to receive and review federal and state tax returns, right from your computer, tablet, or smart phone!

Using the innovative technology of SafeSend Returns, the process is user-friendly and highly secure!

1. Receive an email from **noreply@safesendreturns.com** (be sure to whitelist this email address to prevent missed messages in your junk or spam folder).
2. Click the safe link to access your tax return.
3. Request access code, and enter the access code received via email or text (if available) in to the required field.
4. Review and download your documents and distribute K-1s (if applicable).
5. After printing and signing your e-file forms, submit them via upload through through SafeSend Returns.
